### Claudia Valsells colours

Exterior: glossy / Interior: matte white

Awarded with the Gold Delta in 1964, this lamp designed by Miguel Milá signaled the start of the recognition of Spanish design as a professional discipline. On the occasion of the fiftieth anniversary of this milestone, Santa & Cole reintroduced it into its catalogue and adapted it for the HeadLED System (Delta de Oro, 2013), providing it with the best light efficiency and quality.

In 2023, Santa & Cole commissions Barcelona-based colourist and artist Claudia Valsells for a chromatic study of this lamp, culminating in eight new colours that reveal a new visual and emotional perception of the M64. This carefully selected scheme keeps demonstrating the timelessness of Miguel Milá's designs.
